1 Ordering Instructions

Refer to the diagrams and related parts lists on the following pages to identify potential service/spare parts for the Pro-X5. To locate a part, find it visually on the exploded assembly diagram and note its Reference Number. Next refer to the assemblies parts list to identify the corresponding Part Number using the Reference Number. When ordering parts, be sure to specify the Part Number not the Reference Number. *'NS-Hardware'* refers to non-stock items, these parts are still available for order, please provide the part description to order NS-Hardware items.
