

Pro-Cutter

Pro - Cutter

EASY TO USE, HIGH QUALITY TOOL FOR EFFORTLESS CUTTING OF GEOSYNTHETIC MATERIALS.

Great for cutting lap on the toughest, dirtiest, wrinkled, tie-in seams with ease!

Cutting wheel is mounted on a simple assembly allowing for easy access and disassembly. A protective shield is provided to protect the user from debris.

An ergonomic handle design allows for comfortable use as well quick and easy access to power controls.

A lightweight carbide cutting wheel allows for efficient cutting of all Geocomposites, Geonet, GCL, as well as layered Geomembranes.

Many custom models available upon request.
